

ENDURANCE PROGRAM

Sanford **POWER** / Winter 2021-22

Sanford **POWER** is the regional leader in designing individualized programs for athlete development, sport performance training and injury prevention. Since 1999 we have provided the most comprehensive holistic programming for athletes of all ages and skill levels. We integrate the latest in technology and scientific research combined with expert coaching to improve mobility, strength, speed, agility and explosive power. Our Certified Strength & Conditioning Specialists have over ninety (90) years of combined coaching experience. Along with our orthopedic physicians, PT's, ATC's, Sports Nutritionist and the Sanford Sports Science Institute (SSSI), we offer the most integrated and comprehensive sports performance programming available.

- This program is designed specifically for the endurance athlete. The goal of this program is to improve the athletes' ground reaction force and stride length for an enhanced running proficiency. It will incorporate running education, strength training and plyometrics.
